

ROW ROW ROW YOUR BOAT ~ CARA BROWN STYLE

March 23, 2020

When Cara Brown gets inspiration for something new, you know it is going to be good! Cara has such a way with developing one-of-a-kind items...and her new sweaters are no exception. They are just another example of her creative genius!

Cara's latest creation is a collection of cashmere sweaters that feature vintage silk scarves reimaged in the most beautiful way. The scarves are carefully designed to mesh with the sweater to create a unique piece of clothing.

Look carefully at the bottom right of my sweater and you can see the words, "Row your boat" hand-embroidered. I love the combination of whimsy and sophistication! And the sleeves on this sweater are fabulous! They hit perfectly and have such pretty understated details. And, let's talk about the back detail...

Hand embroidery is also on the back of my sweater for an added thoughtful detail. "Life is but a dream" completes the feel that Cara is expressing in this collection.

The cashmere sweater is so warm and cozy for fall, winter, and early spring- and it will be perfect for summer nights at the beach. I can't wait to wear as often as I can and mix it up from casual to dressier.

Trusting Cara with the details is part of the fun! You never know from design to design where you will find her small touches. I especially love how Cara adds part of the silk scarves to the elbows of the sweater- and each sweater is done in a completely different way. As another offering, Cara has the option to customize your embroidered message. If you prefer having something in particular, just let her know!

If you love really special, one-of-a-kind items to wear and enjoy, you will fall in love with these sweaters! You may also remember how much I enjoy wearing Cara's necklaces- go here – [Cara Brown Designs Necklaces](#) – to see her creative side expressed through jewelry.

Look at this gorgeous one! I love the great-looking scarf that Cara used- there is nothing as luxe as silk and cashmere together! There are so many beautiful choices – and the possibilities and combinations of style, fit and colors feel endless.

Even on days when life may not feel like an absolute dream, Cara turns that boat around for you when you slip her luxury sweater over your head! Instant mindset shift! It reminds you to keep rowing!
